

Sri Guru Teg Bahadur Khalsa College

Sri Anandpur Sahib Punjab

Institutions Innovation Council

in collaboration with

PG Department of Computer Science

Organized an Awareness Lecture

An awareness lecture on the Institution's Innovation Council (IIC) was organized for the students of B.Sc. Artificial Intelligence and Data Science 2nd Year by the Institution's Innovation Council (IIC) in collaboration with the PG Department of Computer Science & Applications, Sri Guru Teg Bahadur Khalsa College, Sri Anandpur Sahib on 17th April, 2026. The session was conducted with the objective of creating awareness among students regarding innovation, entrepreneurship, startups, intellectual property rights, and various initiatives undertaken under the Ministry of Education's Innovation Cell (MIC) through IIC.

The lecture was delivered by Tajinder Kaur, who highlighted the significance of innovation and creative thinking in today's technology-driven world. During the session, students were introduced to the aims and objectives of IIC and were encouraged to actively participate in innovation-related activities, workshops, hackathons, internships, startup initiatives, and research-oriented programs organized under the council.

The Principal of the college, Dr. Jasvir Singh, appreciated the efforts of the IIC and the department in organizing such activities. He emphasized the importance of fostering innovation and technological awareness among students.

Dr. Gurpreet Kaur, President of the Institution's Innovation Council (IIC), motivated the students to actively participate in innovation and entrepreneurship activities and encouraged them to develop creative ideas for societal and technological advancement.

Dr. Surender Kumar encouraged the students to take advantage of various opportunities provided under IIC and motivated them to enhance their technical, innovative, and entrepreneurial skills for future growth and career development.

The lecture proved to be highly informative and inspiring for the students. The participants interacted enthusiastically and showed keen interest in understanding the role of innovation and entrepreneurship in career development.

Objectives: To create awareness among students about the Institution's Innovation Council (IIC) and to motivate them towards innovation, entrepreneurship, research and startup culture.

Benefits: Enhanced students' awareness regarding the role and activities of IIC.

No. of Participating Students: 44
