**Session on
“Angel Investment/VC Funding Opportunity for Early-Stage Entrepreneurs”**

**Organized by
PG Department of Computer Science
in collaboration with
Innovation Cell of Institution's Innovation Council**

on 25th August, 2026

The PG Department of Computer Science, in collaboration with the Innovation Cell of Institution's Innovation Council (IIC), organized an informative and inspiring session on “Angel Investment/VC Funding Opportunity for Early-Stage Entrepreneurs” for students on 25 August, 2025.

The Lecture was delivered by Dr. Parampreet Singh. The session focused on creating awareness among students about startup funding, angel investors, venture capital, pitching innovative ideas, and opportunities available for early-stage entrepreneurs. Students gained valuable insights into the startup ecosystem and learned how innovative ideas can be transformed into sustainable business ventures with the right guidance and financial support.

The Principal of the college, Dr. Jasvir Singh, appreciated the efforts of the Institution's Innovation Council (IIC) and the department for organizing such a relevant and informative programme. He emphasized the importance of developing an entrepreneurial mindset among students and highlighted the role of innovative thinking, technical awareness, and financial support in transforming promising ideas into successful ventures. The programme encouraged students to develop an entrepreneurial mindset, embrace innovation, and explore opportunities to turn their ideas into successful startups.

Dr. Gurpreet Kaur, President of the Institution's Innovation Council (IIC), encouraged students to actively participate in innovation and entrepreneurial activities. She motivated them to develop creative and practical ideas and gain an understanding of funding avenues such as angel investment and venture capital (VC). She emphasized that awareness of funding opportunities can help aspiring entrepreneurs convert innovative ideas into sustainable startups and contribute to technological and social development.

Dr. Surender Kumar motivated the students to make the best use of the opportunities provided through the IIC. He encouraged them to strengthen their technical, research, entrepreneurial, and business skills and to understand the importance of developing viable business ideas, preparing effective proposals, and exploring suitable funding opportunities for their startups.

The lecture was an insightful and enriching experience for the students. Prof. Tajinder Kaur and Dr. Kamaldeep Kaur coordinated the guest lecture with dedicated support from all faculty members of the department.

Objective: To create awareness among students about startup funding, angel investors, venture capital, pitching innovative ideas, and opportunities available for early-stage entrepreneurs.

Benefits: Students gained valuable insights into the startup ecosystem and learned how innovative ideas can be transformed into sustainable business ventures with the right guidance and financial support.

No. of Faculty Participants: 4

No. of students Participants: 73
