

Educational tour to Harike Wetland (Punjab) and Guru Nanak Dev University, Amritsar

As per the subject requirement the students of B.Sc.-3rd year & M.Sc. 1st & 2nd year Botany students were taken to a national site of conservation i.e., Harike Wetland (Punjab) on March 9-10, 2018. To impart knowledge regarding what are natural wetlands, unique plants and animals found there. The students also visited the site where rare Dolphin fishes were found. On the next day of tour team visited the first at Botanical garden of Guru Nanak Dev University and taken some plant specimens for their collection next they visited a conserved area of Punjab i.e., Sarai Amanat Khan in Tarantaran District. At the end we all visited Holly Golden Temple. The tour was assisted by Dr. Ravikant, Dr. Sartaj Singh & Dr. Manpreet Kaur.
