

Quiz Competition

Learning gives Creativity, Creativity leads to thinking, Thinking provides knowledge, Knowledge makes us Great....

Quiz competitions are always interesting and informative, which provide excitement among the students and also make them aware of current affairs. The P.G. Department of Economics successfully conducted a Quiz competition on September 16, 2019 for the students of different streams, in which three different teams with three fervent participants in each team gave tough battle to each other. Rules and regulations of the quiz were explained at the beginning. It was interesting five-round competition, including objective questions with and without options round, buzzer round, audio and visual round, which engaged the students for approximately 2 hours. The students showcased their brilliance by rapidly answering the questions. Though some of the questions were very tricky, the teams tried to answer them with confidence. The questions put forth to the teams were intriguing, exciting and made the audience went 'Aah!' and clapped when the teams answered correctly. It was very informative and knowledge enriching competition for the participants along with the audience. P.G. Department of Economics encourages such positive competitions and hopes to bring out the best in all its students through such competitive events, while ensuring that the children learn through all possible ways- not just through books and class-room teaching. A prize Distribution ceremony was conducted on completion of the competition. Dr. Shaveta Kaushal, Ms. Anchal and Mr. Devinder Pal Singh were the coordinators of this quiz competition.
