

'SCIFEST- 2021' {31st March 2021}

A Science Festival 'SCIFEST- 2021' on the theme 'Impact of STI on Education, Agriculture and Skill Development' was organized on 31 March, 2021 by the Faculty of Sciences, Sri Guru Teg Bahadur Khalsa College, Sri Anandpur Sahib. The festival was funded by Indian Science Congress, Patiala Chapter and DBT Star College Scheme, GOI. In this festival, various online events namely Essay Writing Competition, Power Point Presentation, Model Making Competition, Rangoli Competition, Insta Think Competition, Scientific Photography, Collage Making Competition, Science Cartooning and Scientific Photography were organized. About 250 participants from different colleges participated in this Festival. The main aim of the event was to bring the hidden talent of students during the pandemic time. Dr. Parmveer Singh, Convener, Indian Science Congress, Patiala Chapter was the chief guest and Dr Narinder Singh, Associate Professor, IIT Ropar was the keynote speaker in this event. Both guests praised the effort of students, told the importance of Science and shared their experiences. Prof. Sanjay Sharma, Prof. Gaurav Sharma (Govt. Post Graduate College, Una) and Prof. Sumit Kumar (Govt. Degree College, Bangana) play the role of judges in this festival.

Glimpses of the Event
