

QUIZ COMPETITION

The Department of Chemistry, Sri Guru Teg Bahadur Khalsa College, Sri Anandpur Sahib conducted a Quiz competition on the topic "Chandrayaan-3" and the Nobel Prize in Chemistry over the last 10 years, on 23 October 2023. This event aimed to test the participants' knowledge of the Indian lunar mission Chandrayaan-3 and the notable advancements in the field of Chemistry, particularly recognizing Nobel Prize laureates. The competition began with a segment dedicated to the Chandrayaan-3 mission, India's third lunar exploration mission with aims to study the lunar surface and gather valuable data to enhance our understanding of the Moon's geology and environment. Participants were quizzed on various aspects of Chandrayaan-3, such as mission components, launch date, objectives, and the potential scientific outcomes. The second part of the competition focused on the Nobel Prize in Chemistry winners from the past decade. The competition was very enriching for the participants as well as for the audience. Prizes were given to the students who got 1st, 2nd and 3rd positions.

Some Glimpses of the Event
