

## One Day Field Visit/Plant Excursion Tour to Sansowal area (Garshankar Road) and adjoining areas (18-10-2023)

PG Department of Botany organized one day tour to Sansowal area (Garshankar Road) rich in forest wild life. The students of B.Sc. Medical-V<sup>th</sup> Sem, M.Sc. Botany- Sem-1<sup>st</sup> & II<sup>nd</sup> collected wild, medicinal plants and studied about their natural habitat. They all collected 40 different plant species from different areas. Dr. Sartaj Singh and Prof. Mandeep Kaur helped them to identify these plant species and explained them importance of each plant in technical way. All the students acquaint knowledge about flowering plants and learned some medicinal properties of these wild plants.

Glimpses of the tour
