

Paper Reading Competition

**Science in Indian Knowledge System**

February 24, 2025

PG Department of Physics organized “Paper Reading Competition” on February 24<sup>th</sup>, 2025. The students of all UG and PG programmes of the department participated in the event. The topic of this competition was Science in Indian Knowledge System (IKS). The main aim behind the competition was to boost knowledge, develop time management, build confidence, foster critical thinking and enhance the presentation skills of the participants. Further, the National Education Policy (NEP) 2020 emphasizes integrating Indian Knowledge Systems (IKS) across educational levels, aiming to revitalize India’s ancient wisdom within modern academic and professional settings. Specifically, in sciences, NEP 2020 envisions a framework where students can draw on sustainable practices and innovative solutions inspired by IKS, bridging traditional knowledge with contemporary approaches to address global challenges. Dr. Vimal Mehta, Dr. Deep Shikha and Dr. Amrit Singh were the coordinators of the event. The winners in this competition are as following:

First Position: Harman Dhillon, B.Sc.-I Hons Physics

Second Position: Aman Kaur, B.Sc.-I Non-Medical

Third Position: Shivangi, M.Sc.-I Physics & Nidhi M.Sc.-II Physics
