

Paper Reading Competition

Mechanics and its Applications

March 20, 2025

P.G. Department of Physics organized a Paper Reading Competition on March 20th, 2025. The topic of this competition was “Mechanics and its applications”. This event was organized by Prof. Prabhjot Kaur under the supervision of the Head of Department Dr. Randev Singh. The students of all UG and PG programmes of the department participated in the event. The main aim behind this competition was to build and boost confidence of participants in facing the audience, to improve knowledge, to develop time management, to foster critical thinking and to enhance the presentation skills. The evaluation of the performance was done by Prof. Monika Sharma and Prof. Kajal. At the end of the competition Dr. Deepshikha and Dr. Devinder Singh gave a motivational speech to the students. Dr. Randev Singh in his address talked about the importance of Mechanics. He also thanked the students and faculty to make this event successful. The winners of this competition are as following:

1. Ramjot Kaur (B.Sc. Hons Physics Sem-IV) got 1st position
2. Harman Dhillon (B.Sc. Hons Physics Sem-II) got the 2nd position
3. Nagita (B.Sc. Hons Physics Sem-IV) and Ishika (B.Sc. Non- Medical Sem-VI) got the 3rd position.
