

Educational Tour  
**Ganguwal Power House**  
February 13, 2025

On 13-02-2025, the students of B.Sc. Hons Physics, B.Sc. Non-Medical and M.Sc. Physics accompanied by Dr. Randev Singh and Dr. Devinder Singh went on an educational tour to Ganguwal Power House. A total of 29 students accompanied by two faculty members left for the power generation facility in the college bus at about 10 AM. The group was greeted and well received by the site in charge SDO Mr. Tejinder Singh as everyone was served with a cup of tea and cold drinks. He and his subordinates took the student to every possible corner at each floor of the facility to explain the working/functioning in detail. The students of B.Sc. Hons. Physics and B.Sc. Non-Medical have Electricity & Magnetism study as a part of their regular syllabus. For these students an on the spot information and knowledge about the generation and transmission of electricity was very helpful in understanding the concepts. The student asked many questions which were answered till their complete satisfaction. It was a very fruitful tour and it was felt that students were extremely satisfied and happy with the visit.
