**A visit to Saini Organic Farm on 19<sup>th</sup> February, 2026 (Entrepreneurial Visit)**

**Report**

The P.G. Department of Commerce and Management of Sri Guru Teg Bahadur Khalsa College, Sri Anandpur Sahib, under the able guidance of Principal Dr. Jasvir Singh, organized an educational visit of commerce students to Saini Organic Farm, Ropar. The primary objective of the visit was to enhance students' entrepreneurial skills through practical exposure and real-life observations in the field of organic farming. Around 30 students from BBA Fourth Semester and BBA Second Semester actively participated in the visit. The students were warmly welcomed at the farm, where they were introduced to various aspects of organic entrepreneurship and sustainable agricultural practices.

Mr. Gurjit Singh, a successful entrepreneur who transitioned from a banking career to entrepreneurship, interacted with the students and shared his inspiring journey. He motivated them to explore self-employment opportunities and highlighted the importance of innovation, perseverance, and risk-taking in establishing a successful venture.

Mr. Saini provided detailed knowledge about chemical-free farming and demonstrated how land fertility can be improved through natural methods. He explained the concept of vermicomposting, soil fertility management, and the production process of organic products. He also emphasized the increasing importance of organic products in today's health-conscious and environmentally aware society. During the visit, students explored a wide range of organic plants and crops such as almonds, kiwi, dragon fruit, guava, papaya, and various seasonal organic vegetables. This hands-on experience enabled them to understand the practical dimensions of agripreneurship and sustainable business models in agriculture.

Dr. Manjeet Singh, Head of the Department, appreciated the efforts of the faculty members for organizing such a meaningful and experiential learning activity. Dr. Hardeep Kaur and Ms. Amanpreet Kaur coordinate the visit. The visit proved to be highly informative, inspiring, and fruitful for the students, enriching their knowledge about entrepreneurship and organic farming practices.
