Institution's Innovation Council
Sri Guru Teg Bahadur Khalsa College, Sri Anandpur Sahib
Visit to Rajni Herbal and ASI Museum

On 20th August 2026, the P.G. Department of Commerce and Management and P.G. Department of Punjabi, in collaboration with the Entrepreneurship Cell of the Institution's Innovation Council (IIC), Sri Guru Teg Bahadur Khalsa College, Sri Anandpur Sahib, organised an enriching educational and experiential visit to Rajni Herbals Manufacturing Plant and Factory Outlet, the Archaeological Museum, and Gurdwara Tibbi Sahib.

The visit was organised under the able guidance of Principal Dr. Jasvir Singh and Dr. Gurpreet Kaur, President, IIC. The primary objective of the visit was to provide students with practical and experiential learning beyond the classroom. At Rajni Herbals, students gained valuable insights into the production, processing and marketing of organic products and developed an understanding of their significance in promoting healthy and sustainable lifestyles. The visit also helped students understand various aspects of entrepreneurship and the functioning of a manufacturing enterprise.

The visit to the Archaeological Museum further enriched the students' knowledge of history, traditions, culture, art and society through direct observation of historical artefacts and objects. The visit to Gurdwara Tibbi Sahib provided students with an opportunity to connect with the rich spiritual, cultural and historical heritage of the region.

Around 40 students from different classes and streams actively participated in the visit. The activity was coordinated by Dr. Hardeep Kaur, Dr. Manpreet Kaur, Dr. Kamaljeet and Prof. Dharmender Parkash.

The visit proved to be an inspiring, informative and valuable learning experience for the students. It enhanced their practical knowledge, broadened their understanding of entrepreneurship, culture and heritage, and provided a meaningful platform for developing confidence, observation skills, creativity and a spirit of experiential learning.
