

FLOWER SHOW

Department of Agriculture

The Department of Agriculture, Sri Guru Teg Bahadur Khalsa College, Sri Anandpur Sahib, in collaboration with the Agrarian Society, organised a Flower Show on 6 October 2026 on the theme “From Seed to Bloom – The Magic of Horticulture.” The event aimed to create awareness among students about the importance, diversity and aesthetic value of flowers and ornamental plants, while providing them with an opportunity to express their creativity and develop an interest in horticulture.

Dr. Jasvir Singh, Principal, always motivates and extends his support for conducting such academic and co-curricular activities. His encouragement played an important role in the successful organisation of the event.

The event was coordinated by Prof. Sanampreet under the supervision of Prof. Bhawna Thakur, HOD, Department of Agriculture. Prof. Prabhleen Kaur, Guru Gobind Singh Khalsa College, Chandigarh, graced the occasion as the Chief Guest. She interacted with and motivated the students and appreciated their enthusiasm, creativity and efforts in making the event successful.

Students participated enthusiastically and displayed a wide variety of flowers and ornamental plants in attractive and innovative arrangements. The exhibits reflected their creativity, aesthetic sense and understanding of horticultural plants.

The exhibits were evaluated by Prof. Bhawna Thakur and Dr. Prabhjot Kaur, Department of Fine Arts. The entries were judged on the basis of creativity, presentation, arrangement, aesthetic appeal and overall quality.

The programme was also attended by Dr. Gurpreet Kaur, Dr. Jagpinderpal Singh and Dr. Manpreet Kaur, whose presence, encouragement and appreciation motivated the participating students.

Prize Winners

- First Position: Sahil Barhpaga
- Second Position: Gurpreet Kaur
- Third Position: Palak

Consolation prizes were awarded to:

- Sukhwinder Singh
- Kashish Puri
- Parminder Kaur

The winners and all participating students were appreciated for their enthusiasm, creativity, dedication and active participation. The Flower Show successfully provided students with a platform to explore and celebrate the beauty of horticulture while promoting awareness about flowers and ornamental plants. The event also encouraged students to develop a deeper appreciation for horticulture and its role in enhancing environmental beauty and well-being.
